The Grand Tear of the Guiding Star

FOR THE KING’S GRANNY, MOTHER OF HIS MOTHER

ERINITE SHIMMER DROP • SWAROVSKI® 3230 • 28 × 17 MM

Granny’s light

MEANING & PROMISE

The love that watches over the Crown. Her light shall hold its place among the royal treasures, and her memory shall travel wherever the King carries them.

THE LEGEND

Granny loved the butterflies, and they have never forgotten her. At rare moments, one comes before the King and lingers, keeping him company before returning to the unseen.

By night, her watch passes to the heavens. When one star shines larger and brighter than its companions, the King knows Granny has lit her window.

ITS ARRIVAL

When the grandest jewel yet entered the royal treasury, the King knew at once to whom it belonged. The Erinite drop was dedicated to Granny and entrusted to the Raven, keeper of her butterfly visits and her light among the stars.
